In the CEF it says:

On March 26, 2015, EPA proposed adding the CFAC site to the National Priorities List. After considering all public comments on the proposal, EPA placed the CFAC site on the National Priority List September 8, 2016.

If this is all happening Friday, should that final date say September 9?

Hi Bill,

Attached is the CEF for CFAC to go live on Friday. Lots of changes throughout since the last one including comments to indicate additional hyperlinks (some yet to come).

I value your review (since I usually make a few errors) and appreciate any guidance you may have to improve this.

Thank you Bill
